About Us

We at Neumatica Technologies Pvt. Ltd. commenced our operations in the form of a professional marketing enterprise for basic Mercury brand pneumatic and hydro pneumatic machines and machine elements. And, in about 17 years of our establishment in 1992, we have developed ourselves as the leading manufacturers of a wide spectrum of products like bearing press, tonne bearing press, bush bearing press, pneumatic and hydro pneumatic presses and equipment and machine elements. We are located at the Garden City of the country – Bengaluru, Karnataka. In whatever we do, we nail down our aim – ***“Develop, Manufacture and Market products with value added services exceeding its customers’ expectation in terms of quality, service, value and timely delivery.”*** To ensure maximum satisfaction to our clients, we also provide technical support and value-added services to them. On top of this, we provide them with customized presses and equipment to cater to their kaleidoscopic needs. The success in our business endeavors has reaped us a turnover of about US\$ 0.25-1 Million or Rs. 1-4 crores (approx). Mr. Victor Edward D’Souza’s guidance has helped us multiply our operations. Today, we have totted up amongst the leaders in the market. Our hookup with the honchos - M/s. Mercury Pneumatics Pvt. Ltd. & M/s. Hy-Power Clamps Pvt. Ltd., Pune, has played a pivotal role in fetching success for our operations....
